Product description

Multi-purpose product developed for polishing and removing all types of greasy dirt from glass, mirrors and windows in general, enamelled surfaces, Formica, polished stainless steel and any type of washable finish. Its specific formulation provides great degreasing and cleaning power, ensuring an anti-misting and anti-smoke effect, and so making it a useful vehicle glass cleaner.

Storage

Keep tightly closed, avoiding exposure to UV rays and extreme temperatures.
For more information, we recommend referring to the safety sheet.
