### Product description

This product is specially designed for drying, waxing and protecting vehicles. It gives vehicles lasting shine and has a pleasant peach aroma.

### Storage

Keep tightly closed, avoiding exposure to UV rays and extreme temperatures. For more information, we recommend referring to the safety sheet.

Product designed for:

A dosing pump is used to apply the product in high-pressure Jet washes. We recommend using purified water, maintaining the dosing rate at around 7 mL/min and trying to keep the pump at a percentage of around 10%.

+10%  
High-pressure pump

A dosing pump is used to apply the product in car wash rollovers and tunnels. We recommend using purified water, maintaining the dosing rate at around 10 mL/min and trying to keep the pump at a percentage of around 15%.
